Wir möchten darauf hinweisen, dass die korrekte Darstellung der Farbentafeln durch verschiedene Monitoreinstellungen erheblich beeinflusst werden kann. Dadurch kann es vereinzelt zu starken Abweichungen kommen.

Diese Farbkarte dient nur der groben Orientierung.

Auf Wunsch senden wir Ihnen gern eine aussagekräftige gedruckte Version dieser Farbkarte zu.

Alle verwendeten Pigmente sind absolut lichtecht, ungiftig, leicht mit Wasser benetzbar und problemlos untereinander mischbar. So können viele weitere Farbtöne erzielt werden.
